SECRETARIAT 2984 X 12 DEC 1955 PUBLIC WORKS DEPARTMENT

P.W.D.(C-1).

Note of H.E.L.A. above may be perused. In view of the prevailing financial stringency, the high cost of labour and material and the consequential need to set up austerity standards, the present policy of Govt. is not to provide fans in residential and non-residential buildings. However exception is made in

J.

the case of hospitals where fans are allowed for patients in wards and to doctors who are gazetted officers in their rooms. In Govt. offices, fans are allowed for gazetted officers only in their office rooms. The ministerial staff who are N.G.Os. are not eligible for fans till the financial position of the State improves.

In regard to electrification of Govt. buildings preference is given to office buildings rather than to residential buildings. The present case relates to the electrification of Nurses' Quarters attached to the Govt. Wenlock Hospital, Mangalore. The estimated cost including provision of fans is Rs.12,660/-. From 'K' on p.7 of Estimates at (J) it is seen that the present estimate is part of the scheme estimate sanctioned for construction of Hospital buildings. H.E.L.A. may be requested to put up the relevant G.O. before obtaining orders in circulation, as the expenditure is debitable to the scheme estimate already approved.

From a perusal of the Blue Print below, it is seen that fans are proposed to be provided at the following places:-

I <u>Ground Floor</u>.		
(1) Recreation and Common sitting room	..	2 fans
(2) Non-Vegetarian dining hall	..	2 fans
(3) Vegetarian dining hall	..	1 fan.
II <u>First Floor</u>.	..	Nil.
III <u>Second Floor</u>.		
Common sitting room	..	2 fans.
IV. <u>Third Floor</u>.	..	Nil.
Total	..	7 fans.

It is stated at 'Z' on p.4 c.f. that there are no fans in the Nurses' Home of the Govt. General Hospital, Madras. It is observed that there are no fans in the old Nurses' Quarters at Mangalore. If in the Nurses' Home attached to the premier institution in the State no fans have so far been provided for nurses, there is no reason whatsoever why fans should be provided in the nurses' home attached to the Wenlock Hospital, Mangalore, expecially when the nurses at Mangalore have not enjoyed this amenity in the old quarters. There is therefore absolutely no case for the provision of fans in the dining halls and the common sitting rooms of the newly constructed Nurses' quarters. This Deptt. may agree to the electrification of the quarters alone at an estimated cost of Rs 11,250/-. M (W) may see in circulation. H.E.L.A. may be requested to put up the G.O. in which the construction of Nurses Quarters was sanctioned, as the expenditure in this case is debitable to the main scheme already sanctioned for the provision of quarters for the Nureses.

The file may be passed on to Finance.
